Name of Decedent \_\_\_\_\_ Date of Death \_\_\_\_\_

Place of Death \_\_\_\_\_ Sex \_\_\_\_\_ Age \_\_\_\_\_

Name of Next of Kin "Authorizing Agent" \_\_\_\_\_

Name of Crematory \_\_\_\_\_ Location of Crematory \_\_\_\_\_

***THIS IS A LEGAL DOCUMENT - IT CONTAINS IMPORTANT PROVISIONS CONCERNING CREMATION  
Cremation is Final and Irreversible - Please Read Carefully before Signing***

Cremations and final disposition will be performed in accordance with all governing laws and the policies and procedures established by the State of New Jersey, the local crematory we select and this funeral home.

Cremation will only take place after all of the following conditions have been met:

1. 24 hours have transpired since the death occurred (N.J.S.A. 26:18.1),
2. Any scheduled ceremonies or viewing have been completed,
3. Civil and medical authorities have issued all necessary permits (N.J.S.A. 26:7-16),
4. Necessary authorizations have been obtained, and no objections have been raised,
5. Positive identification of deceased has been accomplished by the next of kin.

Because cremation is a final irreversible decision, it is important to our funeral home that you have a full understanding of the process. We ask that you take the time to read this document carefully and feel free to ask any questions you may have.

Every cremation is performed individually.

**PACEMAKERS, PROSTHESES, SILICONE AND RADIOACTIVE IMPLANTS**

Pacemakers, prostheses, and other mechanical or radioactive devices or implants in the decedent, may create a hazardous condition when placed in the cremation chamber. It is imperative that pacemakers and radioactive devices be removed prior to cremation.

*If our funeral home is not notified about such devices or implants and not permitted to remove them, then the person(s) authorizing the cremation will be responsible for any and all damages caused to the local crematory or crematory personnel by such device or implant.*

**ALL PACEMAKERS AND RADIOACTIVE IMPLANTS MUST BE REMOVED PRIOR TO DELIVERING THE DECEDENT TO THE CREMATORY.**

The decedent's body **does contain** pacemakers, prostheses, silicone and/or radioactive implants.

Initial

The following is a complete list of all existing devices (including all mechanical, silicone or radioactive implants and prosthetic devices) which are implanted in or attached to the decedent that should be removed prior to cremation.

1. \_\_\_\_\_ 3. \_\_\_\_\_
2. \_\_\_\_\_ 4. \_\_\_\_\_

I/we authorize a representative of the Funeral Home to surgically remove any hazardous implants/devices.

Initial

The decedent's body **does not contain** a pacemaker, radioactive implant or any other device that could be harmful to the crematory.

The body is safe to cremate.
